

Strangely Warmed

Jaxson R. Harlan – Gospel Dark Country

Key: A minor

Verse 1

Am F
I walked in unwilling, same as that preacher did
C G
Aldersgate shadows, heart locked up tight
Am F
Preached every sermon, rode every hard mile
C G
Still felt like an orphan in the middle of the night
Am F
Tried my own strength till the well ran dry
C G
Religion was heavy, but the Spirit was nigh

Chorus

Am G
Then He came like a fire I never asked to feel
F E7
Heart strangely warmed, and I knew it was real
Am G
Not some ghost in the rafters, not a force in the wind
F E7
A Person who found me and called me His friend
Am G
“Christ alone,” I whispered, “He’s taken even mine”
F E7
The Helper moved in, and the old man died

Verse 2

Am F
Now He lives in this temple of dust and of bone
C G
Guides me through the dark when I can’t see the road
Am F
Teaches what I never could learn on my own
C G
Gifts I never earned, power I never owned
Am F
He grows His fruit in soil that was bitter and thin
C G
Love, joy, and peace where the thorns used to win

Bridge

Dm Am
He still convicts the world of the sin it won't name
F E7
Of the righteousness waiting, of the judgment that came
Dm Am
But for the ones who've been bought, He's the voice in the night
F E7
The One who won't leave us, the One who makes right

Chorus

Am G
He came like a fire I never asked to feel
F E7
Heart strangely warmed, and I knew it was real
Am G
Not some ghost in the rafters, not a force in the wind
F E7
A Person who found me and called me His friend
Am G
"Christ alone," I whisper, "He's taken even mine"
F E7
The Helper's still here, and this heart is His shrine

Outro

Am F C G
Come, Holy Spirit... we need You tonight
Am F E7 Am
Warm what grew cold, and set these bones right.
